Company Description

Jabil Vietnam Company Limited is a US-based multinational electronics solutions company providing comprehensive electronics design, production and product management services to global electronics and technology companies. Jabil helps to bring electronics products to the market faster and more cost effectively by providing complete electronic product supply chain management around the world. With more than 70,000 employees and facilities in 20 countries, Jabil provides comprehensive, individualized, focused solutions to customers in a broad range of industries. Jabil common stock is traded on the New York Stock Exchange under the symbol, “JBL”. (Website: www.jabil.com). In anticipation of future growth and expansion within the Asia region, Jabil is looking for talented and passionate individuals to fill the company’s career opportunities in our new facility at Saigon Hi-Tech Park (SHTP), District 9 in Ho Chi Minh City, VIETNAM. Let’s take your career & future to the next level of success with us. It begins with YOU.

Job description

• Drive inspection out of the process and thereby increase the percentage of dock to stock materials.
• Drive for shortest processing time possible on all received material and continually improve the processing time performance. Recommend overtime or other recovery methods necessary.
• Review pertinent policies, procedures and guidelines with department staff. Provide instructions regarding the specific application of the policies and procedures to enable full understanding of all procedures specific to the individual assignments.
• Maintain a thorough knowledge and in depth understanding of the department operations including new systems, techniques and technologies. Strive for continuous improvement in methodology and technological levels utilized by the department.
• Assign daily activities and offer assistance and training to enable accurate fulfillment of all tasks.
• Maintain appropriate levels of operational supplies and support equipment.
• Assure that all tools, equipment and visual aids necessary for efficient and accurate completion of pertinent tasks are in proper working order and of the latest revision.
• Recommend capital equipment and human resource changes in the area where appropriate.
• Generate monthly, weekly and daily incoming quality report and share with SQE team to monitor the whole incoming performance.

Skills required

• Post Secondary or equivalent.
• Plus 2 years experience in a relevant Jabil position or external work experience
